

Dear Microsoft Customer,

Community Summit North America, running October 15-20, 2023, in Charlotte, North Carolina, is the most comprehensive training and education event on Microsoft business applications for finance & accounting, IT, operations and systems administrators with 500+ sessions on AI, Dynamics, Dynamics 365, Power Platform and more.

Optimized to deliver months' worth of training in just 5-days, the goal of this "for user, by user" event is to cut through the hype and noise to deliver how-to and tutorial sessions providing actionable guidance users can bring back and implement at their companies.

Registration never costs more than \$1849 per attendee (it is lower if you purchase your registration before the event) to access multiple sessions over the 5-days of the event. In comparison, the cost for single online courses from training companies can cost more than \$2500 to cover a single topic, making your Summit ROI a no brainer, according to past attendees.

A few facts to help make your decision:

- 4,000+ attendees in 2023 from finance, accounting, IT, systems & business administration roles across multiple industries at all size companies
- 500+ expert led education sessions organized by AI, Dynamics & Dynamics 365 ERPs, Power Platform, Data, Business Intelligence, Customer Service, Vertical Industry & more.
- Tech-Medic Help Desks where expert users work to solve your specific issues/problems.
- General Sessions by Microsoft leadership delivering updates and roadmaps on the ERPs and business apps you use every day.
- 200+ partners & software solutions (ISVs) on the expo floor to fill gaps around implementation, automation, reporting, cybersecurity, data management and more.
- All meals and receptions are included in your registration.
- Welcome reception on the expo floor featuring live music, food, drinks, and special events.
- NASCAR Hall of Fame reception featuring special NASCAR guests, food, drinks, and interactive racing experiences.
- 30+ Hands on Academy training sessions that deliver continuing professional education credits (incremental cost).
- AI Summit Preconference on October 16th featuring Microsoft leadership, AI MVPs, and expert users (incremental cost).

As most companies send between 3-13 users to the event, we have price breaks at:

- 15% discount for 5-11 attendees and get extra savings of 15% per all access passes.
- 20% discount for 12+ attendees and get extra savings of 20% discount per all access passes.

We hope this will help justify your trip to join us!
