Community Summit North America is the largest innovation, education, and training user conference for Microsoft business applications running, October 19-23 at the Gaylord Palms in Orlando, Florida.

The event features Microsoft keynotes on big topics, general sessions per product group for updates on new features, hundreds of education sessions organized by where we are in our journey with Microsoft, from sessions focused on new things we may be considering, like AI & Copilot, to sessions on how we can optimize our existing investments, and everything in between.

The details are outlined below, but if we get my [All-Access Pass](#) now, we will save up to \$600 vs waiting until a later date. The pass not only includes all of the sessions and access to the show floor with hundreds of partners, but it also covers all of my meals and access to networking receptions.

- **When:** October 19-23 (show dates 10/20-10/23, Academy Classes available 10/19 & 23)
- **Where:** Gaylord Palms, Orlando, FLA
- **Speakers:** 500+ Microsoft employees, business applications users, Microsoft MVPs, Solution Architects, and more
- **Agenda:** 600+ education and training sessions organized by Microsoft business applications product segments, including:
 - AI Agents & Copilot
 - Dynamics 365 Business Central
 - Dynamics 365 Finance & Supply Chain/Operations
 - Dynamics 365 Customer Engagement/CRM
 - Dynamics GP
 - Power Platform Low Code/No Code tools
 - Fabric Microsoft Data Solutions
- **Tech Medic Desks:** On demand help desks with Microsoft MVPs and product experts to discuss and define big and small issues to find resolution
- **Receptions:** Networking with peers, Microsoft employees, and partners is accomplished throughout the event over meals and receptions included in the All-Access Pass
- **Show Floor:** Nearly 300 Microsoft partners including consultants, systems integrators, and ISVs that have fully integrated solutions with Microsoft platforms

Please let me know if I can attend this very timely and important event, as prices will go up for the All-Access pass and I want to get the best deal possible for our company.
